***Allowable Subject Matter***

A notice of allowance was mailed on June 15, 2005 .

However due to typographical error, dependent claims 23-25 that were newly added by the amendment of Feb. 22, 2005 were not included in the N/A.

This supplemental notice of Allowance is mailed to include dependent claims 23-25 in the supplemental Notice of allowance.

Claims 1-11 and 21 were cancelled by the amendment .

Claims 18-19 were cancelled by the Examiner 's amendment.

Claims 12-18 and 22-25 are currently pending.

***Reasons for allowance***

Claims 12-18 and 22 -25 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 22 which a sensor device wherein a conductive layer is positioned above the top surface of the semiconductor layer and positioned so that electrons passing between adjacent pixel surface coatings are incident on the conductive layer and further wherein the conductive layer is insulated from pixel surface coatings.

Any comments considered necessary by applicant must be submitted no
